

DEVELOPMENTAL PEDIATRICIAN (Research Lead)

Full Time Position Commencing July 1, 2017

Developmental Pediatrics

Department of Pediatrics

Children's Hospital of Eastern Ontario and Ottawa Children's Treatment Centre

University of Ottawa

The Department of Pediatrics at the Children's Hospital of Eastern Ontario is seeking a Developmental Pediatrician for a full time position starting July 1, 2017. The Developmental Pediatrics team is located at the newly amalgamated Children's Hospital of Eastern Ontario-Ottawa Children's Treatment Centre, an academic tertiary pediatric health center affiliated with the University of Ottawa.

The successful physician will join a team of three Developmental specialists and a Pediatric Physiatrist, in providing clinical and teaching services relating to the care of children with developmental and/or physical disabilities.

The applicant must have a fellowship in Pediatrics from the Royal College of Physicians and Surgeons of Canada, or equivalent, and have subspecialty training in Developmental Pediatrics. In addition, the applicant must have additional expertise, preferably through the acquisition of a Master's in Epidemiology or Research Methodology. The candidate will be expected to lead research within the Division.

CHEO-OCTC is committed to Employment Equity and welcomes applications from all qualified men and women, including aboriginal people, visible minorities and persons with disabilities. In accordance with the Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada.

Qualified candidates should submit their CV and 3 references to:

Dr. Ciarán M. Duffy

Chief of Pediatrics, Children's Hospital of Eastern Ontario

Professor and Chairman, Department of Pediatrics, University of Ottawa
