ABP-Approved Self-Assessment Programs for Paediatrics and Subspecialties
Whether you need to satisfy MOC requirements, stay current with state of the art CME, or review with reliable materials for exam preparation, PREP® has you covered. Developed by the AAP in 1979, the Pediatrics Review and Education Program (PREP) has become the gold standard for excellence in general paediatrics and paediatric subspecialty education.

In addition to the popular PREP® The Curriculum for generalists, the PREP family has expanded to include 10 areas of specialty care:

- Adolescent Medicine
- Critical Care
- Developmental and Behavioral Paediatrics
- Emergency Medicine
- Endocrinology
- Hematology-Oncology
- Infectious Diseases
- Neonatology
- Nephrology
- Pulmonology

Thousands of paediatricians choose PREP as their preferred way to engage in lifelong learning, earn CME credits, and review for the Maintenance of Certification™ (MOC) exam – the quality of the content and ease of learning are invaluable to subscribers. I personally feel that our peer-reviewed questions and critiques are without equal. Plus, it’s fun!

The PREP self-assessment programs include in-depth discussions with full-color images and links to suggested readings. Our general paediatrics and subspecialty programs are carefully designed to improve practice and edited to provide the highest quality content for lifelong learning in an enjoyable format.

Sincerely,
Thomas K. McInerny, MD, FAAP
2012-2013 President
American Academy of Pediatrics

P.S. Try it before you buy it. Look for the free trial subspecialty links on the pages pertaining to the area of your expertise. You’ll see why over 40,000 paediatricians and paediatric subspecialists put their trust in PREP for lifelong learning, MOC, and board review.
Growing your knowledge in paediatrics never ends. Stay current and get MOC points and AMA PRA Category 1 Credits™ with the comprehensive PREP® Self Assessment plus 12 monthly issues of the well-respected Pediatrics in Review® Journal. Together, these components are designed to cover the majority of the ABP content specifications over a five year cycle. Don’t scramble to review for examination! Be prepared by staying current with PREP® The Curriculum.

What comes with a subscription to PREP The Curriculum?

**PREP® Self-Assessment**

- More than 250 case-based questions with detailed explanations of the preferred response, along with a discussion of why other choices were considered wrong.
- PREP® Self-Assessment is delivered in print, CD-ROM, and online formats.
- Excellent preparation for the MOC examination.
- PREP Self-Assessment offers a maximum of 40.00 AMA PRA Category 1 Credits™.

**Pediatrics in Review®**

- 12 issues of Pediatrics in Review delivered in print and online.
- Articles and case scenarios cover select ABP content specifications and feature timely reviews packed with evidence-based information and practical solutions.
- Pediatrics in Review offers 36 CME articles per year. A maximum of 1.00 AMA PRA Category 1 Credit™ is earned after achieving a 60% score on each designated quiz.

The AAP designates this journal-based CME activity for a maximum of 1.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 1.00 AAP credits. These credits can be applied toward the AAP CME/CPD* Award available to Fellows and Candidate Members of the AAP.

This program is accredited for 1.00 NAPNAP CE contact hours; pharmacology (Rx) contact hours determined per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.

The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credit™ from organizations accredited by ACCME. Physician assistants may receive a maximum of 1.00 hours of Category 1 credit for completing this program.
PREP Self-Assessment
Pediatrics Review and Education Program

Canadian MOC Accreditation
PREP The Curriculum meets annual MOC requirements for the Royal College of Physicians and Surgeons of Canada.
• PREP Self-Assessment offers a maximum of 40.00 Section 3 hours.
• Pediatrics in Review offers a maximum of 36.00 Section 2 hours.

What’s Included With a Subscription to PREP Self-Assessment?
• Over 250 all-new questions with detailed explanations of each preferred response, along with a discussion of why the remaining choices were not preferred.
• New histogram shows how peers answered each response.
• Robust search functionality allows you to select topic areas for review.
• Exam mode and learning mode options allow you to either test yourself to gauge your strengths and weaknesses, or earn CME credit when you learn as you go.
• Reset assessment feature allows you unlimited passes to review and repeat the mock exam.
• CME credit can be claimed after completing the online assessment in the learning mode and achieving a 70% score by December 31, 2015.

What’s New With PREP Self-Assessment?
• Performance Summary allows you to compare your performance in each topic area with that of your peers.
• The program summary dashboard allows you to track your progress at a glance.
• After achieving a 70% score, you can transmit your completion data directly to the ABP from the PREP program.
• New! Subscribers can join the PREP Study Group to get help in staying on course and meeting your study goals. New search parameter helps you navigate each month’s assignment.

Do You Know the Best Practices for:
• Managing bilious vomiting in a newborn?
• Counseling parents regarding long-term use of inhaled corticosteroids?
• Recognizing the psychosomatic aspect of anxiety disorders?
• Diagnosing dengue fever?
• Managing exercise-induced amenorrhea?

Learning Objectives:
• Assess your competence while reviewing evidence-based medical information.
• Identify knowledge gaps to help you develop a personalized learning plan.
• Choose best practices to improve patient outcomes.

Maximize Your PREP® with PREP® The Curriculum – which joins PREP® Self-Assessment with Pediatrics in Review® – for maximum review and lifelong learning based on ABP content specifications.
Stay current in adolescent medicine with the online self-assessment program that delivers clinically relevant, peer-reviewed questions, in-depth discussions of preferred answers and references for further study – all mapped to the ABP subspecialty content specifications. **PREP® Adolescent Medicine** provides a comprehensive review and the opportunity to earn 24.00 AMA PRA Category 1 Credits™.

### Why PREP Adolescent Medicine?
- Make the most of your precious time with 8 monthly case-based questions (96 per year) mapped to subspecialty content specifications and written by the experts.
- Enjoy a spectrum of clinically relevant cases including multimedia aids, reference links, and a comprehensive review.
- Earn CME credit and MOC points as you review cases that reflect best practices.
- Transmit completion data to the ABP with ease, after successfully completing all 12 monthly installments.

### State-of-the-Art Online Platform:
- See how you stack up. Performance Summary allows you to compare your performance in each topic area with that of your peers.
- The program summary dashboard allows you to track your progress at a glance.
- After achieving a 60% score, you can claim MOC and CME credit upon successful completion in the Learner Mode.
- The subscription year starts with the January monthly installment, and the final 2 issues publish in November to allow time to meet year-end deadlines.

### Learning Objectives:
- Assess your competence while reviewing evidence-based medical information.
- Identify knowledge gaps to help you develop a personalized comprehensive learning plan.
What Subscribers are Saying…

“Clinically organized problem solving format is an excellent mirror of live practice, as I face similar challenges daily. Sharpening and refining knowledge of content is gratifying.”

“Very relevant clinical solutions. Answers were detailed with excellent resources.”

“Deeper understanding of physiology in common adolescent problems makes for improved teaching, allowing patients to be more effective partners in their own care.”

This program is an Accredited Self-Assessment Program (Section 3) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada, and approved by the Canadian Paediatric Society, September 2011. Program expires December 2014. Participants may claim up to 24.00 hours (credits are automatically calculated).

The AAP designates this enduring material for a maximum of 24.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 24.00 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

Stay current in paediatric infectious diseases with the online self-assessment program that delivers clinically relevant, peer-reviewed questions, in-depth discussions of preferred answers and references for further study – all mapped to the ABP subspecialty content specifications. **PREP® Infectious Diseases** provides a comprehensive review and the opportunity to earn 24.00 **AMA PRA Category 1 Credits™**.

### Why PREP Infectious Diseases?
- Make the most of your precious time with 8 monthly case-based questions (96 per year) mapped to subspecialty content specifications and written by the experts.
- Enjoy a spectrum of clinically relevant cases including multimedia aids, reference links, and a comprehensive review.
- Earn CME credit and MOC points as you review cases that reflect best practices.
- Transmit completion data to the ABP with ease, after successfully completing all 12 monthly installments.

### State-of-the-Art Online Platform:
- See how you stack up. Performance Summary allows you to compare your performance in each topic area with that of your peers.
- The program summary dashboard allows you to track your progress at a glance.
- After achieving a 60% score, you can claim MOC and CME credit upon successful completion in the Learner Mode.
- The subscription year starts with the January monthly installment, and the final 2 issues publish in November to allow time to meet year-end deadlines.

### Learning Objectives:
- Assess your competence while reviewing evidence-based medical information.
- Identify knowledge gaps to help you develop a personalized comprehensive learning plan.

---

**Canadian MOC Accreditation**
PREP Infectious Diseases offers a maximum of 24.00 Section 3 hours under the Royal College of Physicians and Surgeons of Canada MOC program.
What Subscribers are Saying…

“Allows me to critically assess what I didn’t know and address gaps in my knowledge in real time.”

“I was able to earn CME and learn without leaving the comfort of my home.”

“Excellent presentations for ‘real world’ examples of complex illnesses.”

This program is an Accredited Self-Assessment Program (Section 3) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada, and approved by the Canadian Paediatric Society, September 2011. Program expires December 2014. Participants may claim up to 24.00 hours (credits are automatically calculated).

The AAP designates this enduring material for a maximum of 24.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Stay current in neonatal/perinatal medicine with the self-assessment program that delivers clinically relevant, peer-reviewed questions, in-depth discussions of preferred answers and references for further study – plus the monthly online journal devoted to bringing you critical issues in neonatology. **NeoReviewsPlus™** provides a comprehensive review and the opportunity to earn 48.00 **AMA PRA Category 1 Credits™**.

**Canadian MOC Accreditation**
- NeoReviewsPlus meets annual MOC requirements for the Royal College of Physicians and Surgeons of Canada.
- NeoReviewsPlus Self-Assessment offers a maximum of 24.00 Section 3 hours.
- *NeoReviews* offers a maximum of 24.00 Section 2 hours.

**Why NeoReviewsPlus?**
- Make the most of your precious time with 10 monthly case-based questions (120 per year) mapped to *subspecialty content specifications* and written by the experts.
- Earn *CME credit* and *MOC points* as you review cases that reflect best practices.
- Transmit completion data to the ABP with ease, after successfully completing all 12 monthly installments.

The AAP designates this enduring material for a maximum of 24.00 **AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- **Plus, the NeoReviews journal** offers 24.00 CME articles per year. A maximum of 1.00 **AMA PRA Category 1 Credit™** is earned after achieving a 60% score on each designated quiz.

The AAP designates this journal-based CME activity for a maximum of 1.00 **AMA PRA Category 1 Credit™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

- This activity is acceptable for a maximum of 1.00 CME credits. These credits can be applied toward the AAP CME/CPD* Award available to Fellows and Candidate Members of the AAP.
- This program is accredited for 1.00 NAPNAP CE contact hours; pharmacology (Rx) contact hours determined per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines.
- The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for **AMA PRA Category 1 Credit™** from organizations accredited by ACCME. Physician assistants may receive a maximum of 1.00 hours of Category 1 credit for completing this program.

**State-of-the-Art Online Platform**
- Performance Summary allows you to compare your performance.
- After achieving a 60% score, you can claim **MOC** and **CME credit** upon successful completion of all 120 questions in the Learner Mode.
- The subscription year starts with the January monthly installment, and the final 2 issues publish in November to allow time to meet year-end deadlines.

**Learning Objectives:**
- Assess your competence while reviewing evidence-based medical information.
- Identify knowledge gaps to help you develop a personalized comprehensive learning plan.
What Subscribers are Saying...

“Clinical scenarios relevant to neonatal practice. Very good educational information in the critiques.”

“Broad area of coverage with detailed explanations. Also, I like how I can make bookmarks of relevant points.”

3. Click on the CME tab to see all current registered activities
4. Click Launch for the self-assessment you choose to access

Canadian MOC Accreditation
PREP® programs are accredited by the Canadian Paediatric Society and meet the requirements of the Royal College of Physicians and Surgeons of Canada’s (RCPSC) Maintenance of Certification program.

PREP® Self-Assessment: Participants may claim up to 40 hours (credits are automatically calculated) under MOC Section 3 (Assessment).

Pediatrics in Review®: Participants may claim up to 36 hours (credits are automatically calculated) under MOC Section 2 (Self-Learning).

NeoReviewsPlus™: Self-Assessment: Participants may claim up to 24 hours (credits are automatically calculated) under MOC Section 3 (Assessment).

NeoReviews™: Participants may claim up to 24 hours (credits are automatically calculated) under MOC Section 2 (Self-Assessment Programs).

Subspecialty Self-Assessments: Participants may claim up to 24 hours (credits are automatically calculated) under MOC Section 3 (Self-Assessment Programs).

Credit for 2012 PREP family of self-assessments must be reported to the RCPSC by January 31, 2014. For more information on the RCPSC’s MOC program, contact the CPS Education Department at education@cps.ca.

CME Accreditation
The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Minimum Performance Level: Per the 2010 revision of the American Medical Association (AMA) Physician’s Recognition Award (PRA) and credit system, a minimum performance level must be established on enduring material and journal-based CME activities that are certified for AMA PRA Category 1 Credit™.

In order to successfully complete the general paediatrics PREP® Self-Assessment CME activity for AMA PRA Category 1 Credit™, learners must demonstrate a minimum performance level of 70% or higher on the self-assessment, which measures achievement of the educational purpose and/or objectives of the activity.

In order to successfully complete the PREP® Subspecialty Self-Assessment CME activities for AMA PRA Category 1 Credit™, learners must demonstrate a minimum performance level of 60% or higher on the self-assessment, which measures achievement of the educational purpose and/or objectives of the activity.

In order to successfully complete NeoReviews® and Pediatrics in Review® journal-based CME activities for AMA PRA Category 1 Credit™, learners must demonstrate a minimum performance level of 60% or higher on the post-article quiz, which measures achievement of the educational purpose and/or objectives of the activity.

PREP Self-Assessments are built for professional development with learning occurring upon review and study of the critiques; the initial score achieved represents knowledge without the benefit of reading the learning component. After reading the rationale and evidence for the preferred answers, learners are able to reset the assessment and take it repeatedly as a post-test to measure their progress and achieve the minimum passing score.

See specific product for CME credits.

The content of this CME activity does not necessarily reflect the view or policies of the AAP.

Financial Disclosure
Disclosure of Financial Relationships and Resolution of Conflicts of Interest
The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual’s confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve “off-label” use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

PREP® Archives

Need to fill in past years of PREP for your personal library? Complete your collection with PREP Archives – perfect for your own reference, for review, and for training programs.

Five continuous years of PREP The Curriculum provides you with content that addresses most of the American Board of Pediatrics content specifications for Maintenance of Certification™ (MOC) in general pediatrics.

PREP® Self-Assessment

PREP Self-Assessment is a comprehensive collection of clinically relevant questions and critiques based on content specifications developed by the American Board of Pediatrics (ABP). Each annual issue features 250 peer-reviewed questions and critiques covering a wide variety of clinical topics.

Available in a set of booklets or CD-ROM, PREP Self-Assessment is practical, portable, and indispensable. Gain the knowledge and skills needed to provide the best care to your patients while you prepare for Maintenance of Certification™ (MOC).

Annual Bound Volumes of Pediatrics in Review®

Pediatrics in Review continues its more than 30-year tradition of keeping pediatricians around the world up-to-date. Clinical review articles, real-life cases, and guidance on best practices comprise each month’s core content, with additional special features, such as Consultation with the Specialist, Back to Basics, and Index of Suspicion – all mapped to the content specifications of the American Board of Pediatrics. Hardcover-bound volumes put an entire year’s worth of review and education at your fingertips!

PLEASE NOTE: CME credit and MOC points are NOT available for archive products listed above.
