Career Opportunity in Paediatric Cardiology

William Osler Health System (Osler) is one of Ontario’s largest community hospital organizations, delivering innovative health care with compassion through more than 650,000 patient interactions every year. With three hospital sites: Brampton Civic Hospital, Etobicoke General Hospital and the future Peel Memorial Centre for Integrated Health and Wellness (opening in February 2017) we offer a wide range of health services, with care provided by skilled health professionals working in multidisciplinary teams. The Peel Memorial site will have an Urgent Care Centre therefore offering an additional Emergency Medicine opportunity in the near future.

Osler is seeking 2 Paediatric Cardiologists to join our current Paediatric Cardiologist in order to provide effective paediatric cardiology services at both sites. The successful candidates would share in the reporting and interpretation of all paediatric diagnostic cardiology including EKG, Holter monitoring and echocardiography. They will provide office based Paediatric Cardiology consultations to Paediatricians and Family Physicians in the Osler catchment area. Urgent paediatric cardiology consultations will be provided to the on-call Paediatricians in the NICU and the In-patient Paediatric Unit. Teaching Clinical Clerks and Residents are regular opportunities, and there is the option of academic affiliation with both the University of Toronto and McMaster University.

Osler offers state of the art Paediatric diagnostic cardiac services and this is an exciting opportunity to work in the Greater Toronto Area in a large volume Regional Paediatric Centre.

Osler is a designated Regional Maternal Newborn and Paediatric Centre with an Advanced Level 2 NICU. Inpatient beds are comprised of 39 NICU beds and 26 Inpatient Paediatric beds. Well-developed teaching affiliations are in place with both the University of Toronto and McMaster University.

The successful candidate must be able to be licensed to practice in Ontario and be eligible for or have a Fellowship in Paediatric Cardiology from the Royal College of Physicians and Surgeons of Canada.

Expressions of interest should be forwarded along with your curriculum vitae to:

Medical Staff Office, Attn: Dr. Herbert Brill, Chief of Paediatrics
