- Update your contact information or search your order history.

Order at shop.aap.org/prep or call 866/843-2271.

All pricing and specifications in this catalog are subject to change without notice.

These activities have been approved for AMA PRA Category 1 Credit™.
In 1979 the American Academy of Pediatrics introduced a new coordinated program of continuing education and self-evaluation called the Pediatrics Review and Education Program (PREP®). The objective of this program was to help improve child health by providing information useful to professionals who provide health services to children.

Fast-forward almost 40 years and the program has grown and changed with the times, but one thing that has not changed is the commitment to improving child health with quality educational materials. Today’s PREP Self-Assessments deliver content that is timely and relevant to everyday practice. Offering options in general paediatrics and 14 specialty areas including neonatology and hospital medicine, PREP is trusted by paediatricians around the world as the companion in their lifelong learning journeys. If you haven’t subscribed in a while, take a new look at what PREP has to offer.

- New content is available every year—coming in 2019, PREP Rheumatology.
- Looking for the most content at the best value? Try a PREP The Curriculum package subscription, which includes case-based questions with PREP Self-Assessment and Pediatrics in Review® articles.
- Get content delivered to you on the schedule you choose with content text or e-mail alerts.
- Earn valuable credit—all PREP products are approved for CME & MOC Part 2 credit.

NEW CONTENT COMING IN 2019!
PREP RHEUMATOLOGY

Introducing the brand-new edition in our subspecialty line of products: PREP Rheumatology. This online resource provides insight and clinically relevant questions in the specialty area of paediatric rheumatology.

See page 11 for more details!
PREP is a very good general update learning tool that I use to keep me current!

—PREP The Curriculum subscriber

PREP® The Curriculum is a comprehensive review package designed for ongoing learning. Written by topic experts and trusted by paediatricians and paediatric professionals around the world, PREP The Curriculum is available in both print and online-only formats and includes features designed to provide a comprehensive learning experience.

▶ Confidence ratings—Create reports by confidence category or major specialty category. Questions with the highest confidence ratings and the lowest scores represent the greatest knowledge gap.

▶ PREP pearls—included at the end of each critique are summaries of key practice points. All pearls are aggregated by specialty category and can be viewed from the PREP Pearls tab. Use this tool for review prior to exam or just as a refresher for areas of study.

▶ PREP alerts—Get questions delivered to your phone or inbox. Choose when you receive questions from several options (eg, daily, weekly) and dedicate time for PREP as part of your routine.

▶ Practice test and content mapping—The practice test allows you to simulate a timed exam based on content areas such as MOCA-Peds learning objectives or subspecialty categories. You can customize time allocated per question.

PREP® THE CURRICULUM
1-year subscription includes

PREP Self-Assessment (print and online)
Including more than 280 case-based questions with detailed explanations supporting the preferred response, along with a discussion of why other choices are incorrect.

12 issues of Pediatrics in Review®
Monthly CME and MOC journal featuring clinical articles, case scenarios, and timely reviews packed with evidence-based information and practical solutions. Index of Suspicion cases now publish as full-text articles in the print journal.

Also includes features for MOCA-Peds participants!

- MOCA-Peds dashboard highlights PREP content that aligns with the MOCA-Peds learning objectives.
- Bonus MOCA-Peds content access.
- Customized practice mode simulates timed exams.

## Fellowship Trainee Members receive PREP Subspecialty Self-Assessment included with AAP membership. To learn more, visit shop.aap.org/prepfellows

---

**PLEASE NOTE:** Duplicate payments will be automatically applied to the next subscription year unless otherwise instructed. 2019 content will be available online from January 2019 through December 31, 2021.

*Special prices for 3-year packages can be ordered only by phone. Offer does not apply to previous or renewal orders.

---

**Need help? Have subscription questions?** Contact AAP Customer Service // Phone: 866/843-2271 // E-mail: csc@aap.org
Need MOC? Due for an exam? Then consider multyear review packages to save money.

Get paediatric preparation you need with multyear review packages. Product years available for purchase as part of the multyear package include 2017, 2018, and 2019.

Refer to the PREP® pricing grid on page 18 for 3-year package pricing details. These packages can be ordered only by phone.

Group rates—save money by subscribing with your colleagues!

Keep your entire staff ahead of the curve with group rates for PREP Self-Assessment products. Receive discounted rates when you order at least 5 or more subscriptions for one organization. For a custom quote, e-mail us at institutions@aap.org

For more information contact customer service at 866/843-2271 or e-mail: csc@aap.org

Credit for 2018 PREP family of self-assessments must be reported to the RCPSC by 31/01/2019. For more information on the RCPSC’s MOC program, contact the CPS Education Department at education@cps.ca

MOC/CME INFORMATION

Maintenance of Certification (MOC) Information

The following activities are Accredited Self-Assessment Programs (Section 3) as defined by the Maintenance of Certification Program of The Royal College of Physicians & Surgeons of Canada, and approved by the Canadian Paediatric Society.

PREP® Self-Assessment: Participants may claim a maximum of 40 hours (credits are automatically calculated).

NeoReviewsPlus™ Self-Assessment: Participants may claim a maximum of 24 hours (credits are automatically calculated).

PREP® Subspecialty Self-Assessments (PREP Adolescent Medicine, PREP Cardiology, PREP DBPeds, PREP E-Med, PREP Endocrinology, PREP GI, PREP Hematology-Oncology, PREP ICU, PREP Infectious Diseases, PREP Nephrology, PREP Pulmonology, PREP Rheumatology): Participants may claim a maximum of 18 hours (credits are automatically calculated).

PREP® Hospital Medicine Self-Assessment: Participants may claim a maximum of 26 hours (credits are automatically calculated).

CME Credit Information

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

DISCLOSURE OF FINANCIAL RELATIONSHIPS AND RESOLUTION OF CONFLICTS OF INTEREST

The AAP Policy on Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous AAP CME activities. All individuals in a position to influence and/or to control the content of AAP CME activities are required to disclose to the AAP and subsequently to learners that they either have no relevant financial relationships or any financial relationships with the manufacturer(s) of any commercial product(s) and/or provider(s) of commercial services discussed in CME activities. All potential conflicts of interest are identified and resolved prior to an individual’s confirmation of service at an AAP CME activity. Beyond disclosure of financial relationships, AAP CME faculty are required to disclose to the AAP and to learners when they plan to discuss or demonstrate pharmaceuticals and/or medical devices and/or medical or surgical procedures that involve “off-label” use of a device or pharmaceutical. The AAP is committed to providing learners with commercially unbiased CME activities.

The content of these CME activities does not necessarily reflect the views or policies of the AAP.
