

**Welcome to the abstract submission form for the 8th International Meeting on Indigenous Child Health.**

**The Planning Committee invites submissions for Oral and Poster presentations on all topics pertaining to Indigenous child health. Submissions will be accepted from individuals working with Indigenous populations, and are not limited to medical providers.**

**For updated conference information, visit [www.cps.ca/en/imich](http://www.cps.ca/en/imich) or [www.aap.org/nach](http://www.aap.org/nach).**

**Submission deadline: November 6, 2018 by 9 pm EDT.**

SAMPLE ONLY - NOT FOR SUBMISSION

## General Information

### ORAL PRESENTATIONS

Oral presentations (15 minutes) offer an opportunity for community-based researchers or those involved in community programs to share their findings in a smaller, interactive format. Submissions on similar topics will be grouped together. Expected attendance is 25-50 delegates.

### POSTER PRESENTATIONS

Poster presentations provide community-based researchers or those involved in community programs with the opportunity to display their findings in a poster format. Presenters will have the opportunity to informally discuss their findings with conference delegates during two 60-minute "idea sharing" sessions.

Please note that presenters are expected to register for the conference and cover all expenses related to their participation.

### SUBMISSION INFORMATION

Abstract submissions must include the following information:

- Author name(s)
- Author contact information
- Major content area (select from list)
- Brief description (including: Title, Purpose, Methods, Results/Outcomes and Conclusions)

This form accepts one primary contact per submission, but, you may include all collaborators in the "Other collaborators" section.

*NOTE: Once you click "submit" and exit the survey you cannot make changes. You will need to begin a new survey. If you are still in the survey and changes need to be made click "previous page".*

### EVALUATION CRITERIA

The Planning Committee will evaluate submissions based on:

- Educational relevance to target audience
- Demonstration of positive outcomes/practice change/replicable models of child health care services and health promotion programs.
- Demonstration of unique ways to improve health care services and programs to Indigenous children
- Timeliness of content
- Clarity of content

### Special consideration will be given to submissions:

- Representing hypothesis testing
- Including the sharing of useful data
- By Indigenous (i.e., First Nations, Inuit, Métis, American Indian or Alaska Native) communities, professionals or students
- Demonstrating exemplary partnerships between health care professionals and tribes/communities
- Covering health care, health promotion, and prevention topics that are common to Indigenous populations internationally

The Planning Committee reserves the right to refine session content and/or speaker selection.

Session Information

\* 1. Preferred format:

- Oral presentation
- Poster presentation
- Either (if not accepted as an Oral presentation, I will present a poster)

\* 2. Select the major conference stream for your submission: (select all that apply)
